**Agenda Items / Topics for Discussion:**

- Finalize Agency/System Support in Wraparound survey
- Training updates/topics

**Discussion:**

- The committee reviewed the survey and decided to add the PACT 4 logo and tweaked one question (provided suggested responses). Char will have a final copy approved by PACT 4 for use at the December collaborative meeting.
- Discussed ideas for the January skills training: focus on youth-guided Wraparound. We're hoping to get an outside presenter and some youth to help. Char talked about the December orientation training and encouraged committee members to attend to receive updates on the Wraparound Practice Model. A parent will be sharing her story about Wraparound at this training.

**Action Taken / Recommendations:**

- The committee looked at goals and the mission; it's important to ensure and promote Wraparound fidelity.
- The System Support survey will likely provide a good barometer of support and engagement of Wraparound. The PACT 4 evaluation staff will tabulate results and the committee will review them at the January meeting.

**Training Needs Identified:**

- Wraparound Orientation on December 3<sup>rd</sup>, 2010.
- Wraparound Skills Training on January 21, 2011.

**Future Agenda Items / Unfinished Business / Topics for Further Discussion:**

- Analyzing data from the survey and establish where that will take the committee. It will help set goals for 2011, too.
- Future planning for skills training in January.
